

Six Tier Drug List - Metallic Plans

This list is updated regularly. Please login to your member portal on [Bridgespanhealth.com](https://bridgespanhealth.com) for the most up to date list.

Pharmacy Coverage

Your plan covers drugs on the Six Tier Drug List for metallic plans. This is a list of prescription generic, brand-name, and specialty drugs that have been approved by the FDA. If your drug is not on this list, it will not be covered. Drugs not on this list may be covered through the Drug List Exception Process. Visit our web site to get updated information on our Drug List.

This drug listing does not include every dosage or formulation of each medication. In some cases, only certain dosages or formulations of a medication are covered. Drugs with a “+” indicator next to them on the Drug List have group-specific coverage. We encourage you to use our searchable formulary tool (“Find Medicines,” available on our web site) or call Customer Service for full coverage information.

Changes to the Drug List

Please refer to your health plan policy for more information about the terms and conditions of your prescription drug benefit. If you have questions about any of your medications, please discuss them with your doctor or pharmacist.

Finding the Cost of Your Drug

With the Six Tier Drug List for metallic plans, covered prescription drugs fall into one of six levels, or tiers, which are shown below. What you pay depends on which tier your medication is in. Your Summary of Benefits and Coverage document will show you what you owe for each tier, which is called your cost share. Cost share can be a deductible, a flat dollar copay, or a percentage (coinsurance) of the medication's total cost.

Tiers

Tier Level	Description
Tier 1	<u>Preferred Generic</u> drugs usually have the lowest copay.
Tier 2	<u>Generic</u> drugs usually have a higher copay than preferred generic drugs.
Tier 3	<u>Preferred Brand</u> drugs usually have a lower copay than brand-name drugs.
Tier 4	<u>Brand</u> drugs usually have a higher copay than preferred brand-name drugs.
Tier 5	<u>Preferred Specialty Medications</u> usually have a lower copay than specialty drugs. Specialty medications are used to treat rare or complex medical conditions. They are typically high cost, self-administered drugs that require support to manage and administer.
Tier 6	<u>Specialty Medications</u> usually have a higher copay than preferred specialty drugs. Specialty medications are used to treat rare or complex medical conditions. They are typically high cost, self-administered drugs that require support to manage and administer.

Filling Your Prescription at a Retail Pharmacy

We have a nationwide network of over 55,000 participating and preferred pharmacies. To have your drugs covered, you may need to use a participating network pharmacy and show your member card before purchasing your prescription. If you go to a pharmacy not in the network, your medication may not be covered. Most pharmacies can fill up to a 90-day supply of maintenance drugs; however, some independent retail pharmacies may not be able to dispense a 90-day supply. In addition, over-the-counter contraceptive drugs, devices and other products approved by the Federal Food and Drug Administration, may be covered at 100 percent when purchased through a participating pharmacy. Check your benefit booklet for contraceptive coverage in addition to Affordable Care Act (ACA).

For additional information about our home delivery and specialty programs, tips for filling prescriptions, pharmacy network, Frequently Asked Questions, and other pharmacy programs, visit our web site.

When reviewing this document, information regarding coverage of each drug is displayed next to the drug.

Drug Tier	The number in this column shows which tier the drug is covered under.
Pre-Authorization (PA)	Drugs with a PA in the requirements/limits column require pre-authorization for medical necessity. This means your health plan must approve use of the drug based on medication coverage policies before it is covered under your plan. For more information on how to request PA approval, possible treatment alternatives, and medication coverage criteria, please visit our website or contact Customer Service at the number listed on the back of your member ID card.
Quantity Limits (QL)	Drugs with a QL in the requirements/limits column have a quantity limit. This means we only cover a certain amount of the medication. If your condition requires more than this limit, your doctor may request a QL exception. For more information on quantity limits and how to request an exception, please visit our website or contact Customer Service at the number listed on the back of your member ID card.

Affordable Care Act (ACA)	<p>Drugs with ACA in the requirements/limits column are considered preventive medications under the Affordable Care Act. If your plan participates in ACA coverage, these medications are covered at 100 percent. This means you do not pay anything for these medications regardless of the tier value listed. Visit our website for complete lists of medications covered under ACA, such as the ACA Preventive Care Medication List, ACA Contraceptive List, and ACA Tobacco Cessation List. To find out if your plan has ACA benefits, please contact Customer Service at the number listed on the back of your member ID card.</p>
Chemo (CH)	<p>Drugs with a CH in the requirements/limits column are considered cancer chemotherapy medications. Your cost share amount may vary from the tier value listed. Please see your health plan policy for the cancer chemotherapy medication cost share amounts. They may be found in the “Self-Administrable Cancer Chemotherapy Medications” section of your policy documents. If you have questions, please contact Customer Service at the number listed on the back of your member ID card.</p>
Specialty (SP)	<p>Drugs with a SP in the requirements/limits column are considered specialty medications. These drugs are limited to a 30-day supply and may be required to be filled through our designated specialty pharmacy. For more information about specialty medications including pharmacy requirements, please visit our website or contact Customer Service at the number listed on the back of your member ID card.</p>
